Re: MB Docket No. 04-233

Dear Ms. Dortch:

For more than 110 years, La Rabida Children's Hospital has served children with special health care needs. In order to serve these children with chronic conditions and disabilities La Rabida relies on government funding and the generosity of the community. Bonneville Chicago Radio Group and in particular WTMX has proven to be a wonderful partner and supporter of La Rabida.

This includes promoting the good works of La Rabida through stories and Public Service Announcements; sponsoring promotional events with La Rabida as a beneficiary and hosting volunteer fairs to name a few.

WTMX and its parent organization has been a wonderful collaborator with La Rabida and many other nonprofit organizations in Chicago. They have done this not because of government regulation but because of their deep rooted mission to serve their community.

Respectfully submitted,

Brenda J. Wolf
Executive Vice President & COO
